Jr. StreetKings MISSION STATEMENT

The Jr. StreetKings roller hockey program introduces area youth and their families to the world of hockey. It develops physical skills, self-confidence, sportsmanship and teamwork within the context of exciting recreational events. RiverKings players provide quality and experienced supervision.

The program is organized under the auspices of Hernando Youth Sports, and operated at a covered outdoor roller hockey arena at the Hernando Civic Center.

Proceeds from this

event supplement funding from the RiverKings organization and Maddox Foundation.

We thank everyone for their investments in our youth, and for their vision and dedication

in making these programs a success. Your contributions are the true foundation of our community.
